

Overview

Embark on an unforgettable journey with Himalayan Diamond Adventure and conquer the majestic Ama Dablam.

Among the world's magnificent summits, none captivate the heart and soul quite like Mount Ama Dablam. Its awe-inspiring silhouette, though not as towering as Mount Everest, commands profound respect and admiration from mountaineers and tourists alike. Nestled in the midst of the Khumbu valley, this iconic mountain holds a special place in the hearts of the Sherpa people and Tibetans, who affectionately named it "Mother's Jewel." The name originates from the resemblance of a sacred necklace, known as "Dablam," worn by Sherpa women, which can be seen in the form of a glacier on the Southwest side.
